ABOUT

Full-Stack developer with hands-on experience building web, mobile, and desktop applications. Focused on creating fast, clean, and scalable solutions using React, Next.js, and modern backend tools. Experienced from architecture to deployment — databases, APIs, and integrations. Comfortable taking ownership and turning ideas into fully working systems.

CI/CD

EXPERIENCE

Full Stack Developer

TestCom Caspian — Oil & Gas Inspection Services

Mar 2024 – Feb 2026

Aktau, Kazakhstan

- Developed and maintained internal ERP Management System in a team of three — covering inventory, client management, reporting, and process automation
- Designed front-end interfaces with React/Next.js, implemented backend logic, integrated APIs and databases for seamless data flows
- Contributed to architecture decisions and deployment workflows, resulting in improved operational transparency across departments

React
